- Deployed: <https://tbiehl22.github.io/clicky-game/> | Github: <https://github.com/tbiehl22/clicky-game>

Professional Experience

Gartner September 2014 - Present

Client Manager Midvale, UT

- Built relationships with each client through ongoing calls to understand IT initiatives, resulting in 90% retention in 2019
- Pioneered new service team model, resulting in the model going worldwide in 2018 and becoming a sustainable offering to clients
- Met and exceeded all performance goals and metrics which led to formal recognition as top performer in 2015

Solutionreach May 2013 - September 2014

Client Success Representative, Implementation Specialist Lehi, UT

- Hosted initial customer overview training of software via live webinar, demonstrated website capabilities, which led to my best practices being implemented in other associates' presentations
- Installed sync program via remote access to customer computer, turned on service, which exceeded goals and resulted in formal recognition for activating most accounts week over week throughout my tenure
- Customized all settings in software according to customer needs, leading to customer satisfaction and higher retention
